

REMARKS

In order to cure the defective dependency pointed out by the Examiner in paragraph 2 of the Official Action, Applicants have amended claims 61, 70 and 71 to correctly depend upon claims 89 and 90 respectively. The Examiner did not enter these amendments as the incorrect dependency precluded proper entry of same.

Applicants have cancelled the claims that are still subject to rejection and have retained allowable claims 61, 70, 71, 87, 88, 91, 92. The Examiner is respectfully requested to promptly pass these claims to issue.

Respectfully Submitted,
